# ANNUAL REPORTS 2006

Town of  
**WAKEFIELD**  
New Hampshire

## ABOUT OUR COVER

Most of you will recognize the Union Railroad Station. This historic property was purchased this year via the Wakefield Heritage Commission. The Heritage Centre Museum has found a home at this facility, and the Heritage Commission holds its meetings there as well. We hope you will all stop by this summer to check it out!

## IN MEMORY

In 2006, the Town lost two men,  
both of whom were dedicated  
to their community...

**Fred E. Nason**

A native of Wakefield, Fred lived and worked in the area all his life. Interested in helping his community, he joined the Sanbornville Fire Department in 1946 at the age of 18. Fred was a firefighter and also a member of the Ambulance Corps in the 60's and 70's. In the early 80's the Sanbornville Fire Department became the Wakefield Fire Department, and Fred became the Assistant Chief for a number of years, as well as Fire Commissioner. Whether it was talking to people about Department issues or helping new members with questions on training, the Fire Department was his life for 60 years. Fred also was the Chief of the Brookfield Police Department, as well as a member of the Wakefield Police Department from 1968 to 1978.

**Paul H. McNally**

Although Paul was not a native of Wakefield, his connection to our community began many years ago when he spent summers of his youth on Lovell Lake with his family. As a young man, Paul even worked as assistant to the meat cutter at the Lovell Lake Market. In 1993, Paul 'retired' to Wakefield, where he quickly became involved in Town affairs. Paul served on the Planning Board from 1996 to 2005 and acted as Chair or Vice Chair for five of those years. Still finding room on his plate, Paul joined the Board of Assessors in 1997, a position he held until his passing in May of 2006.

...both true gentlemen, who are sorely missed.

# APPOINTED POSITIONS

## TOWN ADMINISTRATOR

Robin Frost

## CODES ENFORCEMENT & HEALTH OFFICER

Kenneth Paul resigned 7/06

# MINUTES OF THE 2006 ANNUAL TOWN MEETING

To the inhabitants of the Town of Wakefield in the State of New Hampshire qualified to vote in town affairs:

You are hereby notified of the First and Second Session of the 2006 Annual Town Meeting as follows:

## FIRST SESSION

You are notified to meet for the First Session of the Annual Town Meeting, to be held in the Opera House of the Wakefield Town Hall, 2 High Street, Sanbornville, New Hampshire, on Saturday, February 4, 2006, at 7:00 p.m. The First Session will consist of explanation, discussion, and debate of each of the following warrant articles, and will afford those voters who are present the opportunity to propose, debate, and adopt amendments to each warrant article, except those articles whose wording is prescribed by state law.

The inhabitants of the Town of Wakefield met at the Opera House of the Town Hall at 7:00pm to discuss the town budget according to the above notice.

Assistant Moderator Dino Scala opened the meeting at 7:00pm and he led us in the pledge of allegiance. He then called upon Father Peter Faass for the invocation.

The Moderator introduced the Wakefield Recreation 7<sup>th</sup> & 8<sup>th</sup> grade boy's basketball team. They have won for the 2<sup>nd</sup> year in a row the Great Eastern New Hampshire League Championship. He also mentioned that the girls team came in 2<sup>nd</sup> place with a record of 8-4.

The Assistant Moderator then introduced himself and Town Clerk Teresa Williams. He then introduced the Selectmen Chair Paul Morrill, Selectman Mark Duffy and Selectman John Blackwood, Town Administrator Robin Frost and Town Attorney Richard Sager. He then introduced the Budget Committee Chairperson Judy Nason and asked that she introduce the committee.

The Moderator then recognized Judy Nason for her many years of service on the Budget Committee. Judy has decided not to run again for this position.

Connie Twombly made a motion that this session of the town warrant be adjourned by 11:00pm and no article be taken up for consideration after 10:50pm. In the event that all articles in the warrant have not been acted upon, the Moderator is authorized to reconvene this session at a date, time and place, which meets the approval of the majority of the voters present.

Motion was seconded and passed unanimously.

**Article 2: To see if the Town is in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the Town Zoning Ordinance, as follows: The amendment recognizes that Wakefield is growing and seeks to maintain its rural character and setting. The amendment completely reorganizes and replaces the existing zoning ordinance, which had not had a complete overhaul since its adoption in March 1986. The amendment renders the zoning ordinance more “user friendly” through the use of tables and a zoning map, encourages open space design, enhances protection of our lakes and ponds, creates a new low density residential district, expands the business and commercial district, and seeks to preserve the green space along Route 16. (Majority vote required.)**

The Moderator read this article and asked the chairperson of the Planning Board, Joe Fluet, to speak to the article. He did have a power point presentation for the explanation. He explained about the moratorium that we approved last year, that due to the moratorium it has allowed them more time to update the zoning ordinance. He mentioned how many meetings they had this year to get this new ordinance together. The new ordinance will be much easier to read and understand. The previous ordinance was written for a small stable town and Wakefield is not that small anymore. The goal is to keep the rural character of Wakefield and the way to keep that is with the green space village settings, farms, low density along with many other aspects such as: Environmental-- groundwater, forests, soil erosion, surface water; Lakes-- boats, safety, water quality and back lot access; Business & Commercial-- jobs, convenience, protect Route 16, elderly housing with little impact on town services.

**Article 3: To see if the Town is in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amendment adopts new flood maps that have been updated by the Federal Emergency Management Agency (FEMA) to replace the existing outdated flood maps. The new flood maps are expected to more accurately depict the actual location of areas prone to flooding, thereby avoiding the needless expenditure of premiums for unnecessary flood insurance. (Majority vote required.)**

The Moderator read this article and Town Attorney Rick Sager spoke to the article. He stated that this article was brought forward due to the Belleau Lake area. The Federal FEMA maps showed this area in the flood zone when actually they were not in the flood zone. FEMA has come in and redone the flood maps, so when people go for a mortgage it does not show them in the flood zone and they do not have to get flood insurance. What they are trying to accomplish is to make the maps more accurate.

**Article 4: To see if the Town will vote to raise and appropriate the sum of Fifteen Thousand Dollars (\$15,000) to be added to the Ambulance Capital Reserve Fund previously established. (Majority vote required.)**

This appropriation is recommended by the Board of Selectmen and the Budget Committee.

The Moderator read this article and John Blackwood spoke to the article. He stated that there is no timeline for replacement, but putting money away will allow for replacement when necessary. The current balance in the reserve is \$30,620.

No further questions. Article was left as written.

**Article 5: To see if the Town will vote to raise and appropriate the sum of Twenty Thousand Dollars (\$20,000) to be added to the Bridge Construction Capital Reserve**

**Fund previously established. (Majority vote required.)**

This appropriation is recommended by the Board of Selectmen and the Budget Committee.

The Moderator read this article and John Blackwood spoke to the article. John stated that these funds will assist the Town in qualifying for State aid for bridge repair. The bridge to be repaired is on Pine River Pond Road. The current balance in the fund is \$5,078.

No further questions. Article was left as written.

**Article 6: To see if the Town will vote to raise and appropriate the sum of Two Hundred Thousand Dollars (\$200,000) to be added to the Fire Truck Capital Reserve Fund previously established. The money is to be appropriated from undesignated fund balance and no money is to be raised through new taxation. (Majority vote required.)**

This appropriation is recommended by the Board of Selectmen and the Budget Committee.

The Moderator read this article and Paul Morrill spoke to the article. He stated that one truck has been out of service since last year because it would no longer pass state inspection. They have been working with Chief Nason on a plan to start replacing the trucks. The existing reserve balance is \$154,681 and if this amount passes it will then bring the total to \$354,681. A new truck cost approximately \$250,000, which will then leave a balance of \$100,000 in the reserve.

Claire Partridge asked what is an undesignated fund balance. Paul explained that it is also referred to as surplus money. Surplus funds come from a couple of different areas-- it can come from unearned spending of the budget and also from revenue that the town has collected from different areas, such as auto registrations and building permits.

The question was asked what is the life expectancy of a fire truck. Chief

Nason stated that the life expectancy of a fire truck is about 26 years. He then mentioned that we have seven trucks and that we will need to replace engine #2. The question was asked what do we do with the old truck. Chief Nason stated that the company they are working with for prices on the new truck will take the old truck in trade even though it is not worth much.

No further questions. Article was left as written.

**Article 7: To see if the Town will vote to raise and appropriate the sum of Eleven Thousand Dollars (\$11,000) to be added to the Highway Truck Capital Reserve Fund previously established. (Majority vote required.)**

This appropriation is recommended by the Board of Selectmen and the Budget Committee.

The Moderator read this article and John Blackwood spoke to the article. He stated that this money would be used to replace the Ford F450 that we purchased 10 years ago. The current balance in the reserve is \$57,343.

David Lee asked if on all the articles he could have an amount on how much each item is going to cost and when these items will be replaced. The cost for replacement is approximately \$70,000 and would be replaced this year.

No further questions. Article was left as written.

**Article 8: To see if the Town will vote to raise and appropriate the sum of Thirty-one Thousand Five Hundred Dollars (\$31,500) to be added to the Public Safety Building Capital Reserve Fund previously established. (Majority vote required.)**

This appropriation is recommended by the Board of Selectmen and the Budget Committee.

The Moderator read this article and Mark Duffy spoke to the article. Mark stated that an architect has been hired to assist in plans for the second floor layout. The amount in the reserve account is \$103,383. As of this date they do not have a final figure but they will definitely have one for next year. The cost estimates for an elevator or lift are still being obtained.

Bob Carrington asked what the upstairs would be used for. Mark stated that it would be for the future growth of our town. Chief Nason then spoke and stated that when the original proposal came to the town for the public safety building they were asked to make sure that the building would withstand the next 50 years of growth. He stated that in the future we will need to have more full time EMT's for the evening shift. At this time we have two EMT's for the day shift. If we go to nighttime employees then we are required to have bunkrooms, showers and a day room. The space will also give them a meeting room in an event that there is a crisis and more office space.

Dick Wessell made a motion to zero the article. Motion was seconded. We then proceeded in discussion about the motion. Paul Morrill spoke to why we really need this money to help our town if there ever is a national disaster and that we really need to get the elevator or a LULA (limited

use, limited access) in order to use the building at its full capacity.

David Schweitzer asked if the voters approved all of the warrant articles what would the impact be on the tax rate. Judy Nason stated that it would be around 70 cents per thousand, and if we add the school's articles the total would be around \$1.35. She also stated that this particular article would impact at about 3 cents per thousand.

Peter Brown stated that if we did not approve this article this year, then we would have to approve something for next year. Our town does capital reserve accounts so that we do not get hit hard every year and that we do not have to have bond articles.

Becky Keating made a motion to move the article and it was seconded. All were in favor of moving the question.

We then had a vote on the motion to amend the article to zero. Amendment did not pass.

No further questions. Article was left as written.

**Article 9: To see if the Town will vote to raise and appropriate the sum of Seventy-five Thousand Dollars (\$75,000) to be added to the Transfer Station Capital Reserve Fund previously established. (Majority vote required.)**

This appropriation is recommended by the Board of Selectmen and the Budget Committee.

The Moderator read the article and Paul Morrill spoke to the article. He stated that this fund would be used for the improvement of the transfer station to include a new layout, new building and additional equipment. The current balance in the capital reserve account is \$28,209. He also mentioned that they have gone around the State this year visiting sites to get some ideas on how to improve our transfer station. A couple of the items that we need really need are a storage unit for all the equipment and a set of scales that can weigh up to 45,000 lbs.

Claire Partridge asked what is being done about the people that are commercial haulers using our transfer station and not separating the trash. Paul stated that the Board of Selectmen are working on the transfer station ordinance which will allow the selectmen to set down more rules for the commercial haulers. That is why a set of scales would be useful. If a transfer station attendant takes a bag or two from the commercial hauler load and it is not recycled, then they would have to drive the whole truck over the set of scales and pay the price that is set by the ordinance.

No further questions. Article was left as written.

**Article 10: To see if the Town will vote to raise and appropriate the sum of Sixteen Thousand Six Hundred Dollars (\$16,600) to be added to the Highway Heavy Equipment Capital Reserve Fund previously established. (Majority vote required.)**

This appropriation is recommended by the Board of Selectmen and the Budget Committee.

The Moderator read the article and John Blackwood spoke to the article. He stated that this appropriation would be used for the future replacement of the excavator and other highway equipment. The current balance in the fund is \$46,131. The excavator is about 5-6 years old.

No further questions. Article was left as written.

**Article 11: To see if the Town will vote to raise and appropriate the sum of Three Hundred Thousand Dollars (\$300,000) to be added to the Town Hall Improvement Capital Fund previously established. The money is to be appropriated from undesignated fund balance and no money is to be raised through new taxation. (Majority vote required.)**

This appropriation is recommended by the Board of Selectmen and the Budget Committee.

The Moderator read the article and Paul Morrill spoke to this article. He stated that the town hall renovation project has been going on for a couple of years and now they do have a plan in place. They hired Salmon Falls for the architect. This is the same company that we hired for the connector building a few years back. A slide show was given on the project. The basement will be the first part of the project to be completed. The basement will be used for code enforcement, assessors, planning and zoning boards and the town planner, if it is approved this year. There will be more lavatories in the basement due to the fact that when the opera house gets completed then we will need those lavatories. With putting in the lavatories for the opera house we may also be entitled to receive LCHIP grant monies to help pay for that part of the project.

Liz Olimpio asked if the Board has thought about moving the town offices to the Public Safety building. She feels that the town hall is too old and probably not worth fixing. Paul Morrill stated that they have not thought too much about moving the offices, due to the fact that the Public Safety building needs their space for their needs.

Dick Wessell made a motion to zero the article the motion was seconded. We then proceeded into discussion on the motion.

Peter Kasprzyk talked about how the town hall is the center of the town and represents our town. He feels that we should do whatever it takes to keep the town hall up and running. Mark Duffy stated how important this project is and how the building is becoming unsafe. He also stated that this appropriation is coming out of undesignated funds so the impact this year will not affect the tax rate.

Lorraine Sager, the chair of the newly formed group called the Wakefield Projects, Inc formerly known as the Opera House Committee, spoke on how many very talented people are involved in this project and that they are working very hard to raise and obtain the necessary funds for

this project. They plan on raising \$2.00 for every \$1.00 that the taxpayers will be paying.

A motion was made to move the amendment and it was seconded. All were in favor of moving the amendment.

We then had a vote to amend the article to zero. The amendment did not pass.

No further questions. Article was left as written.

Paul Morrill asked the Moderator if before we proceed to the next article a presentation could be made. It was supposed to be made at the beginning of the meeting, but the people that were receiving the presentation had to leave on an ambulance call. Selectmen John Blackwood and his wife Linda just wanted to recognize Jane Runnels and Janet Williamson, the EMS people that helped save John's life at a call to his house in January. He really feels that if it were not for them he probably would not be here at this time. They were presented with flowers.

**Article 12: To see if the Town will vote to raise and appropriate the sum of Thirty-three Thousand Six Hundred Forty-seven Dollars (\$33,647) to be added to the**

**Police Cruiser Capital Reserve Fund previously established. (Majority vote required.)**

This appropriation is recommended by the Board of Selectmen and the Budget Committee.

The Moderator read the article and Mark Duffy spoke to the article. Mark stated that the current balance in the fund is \$4,229 and that the capital improvement fund calls for the replacement of a police cruiser each year. He mentioned that we are looking at replacing the four-wheel drive vehicle that we are currently using and getting a large SUV. The old vehicle would then be used for the assessor technician who will be going out and doing some measuring in town this year.

Chief Merrill spoke to the article stating that the current Ford Explorer is too small for what they need the vehicle for, and they are looking at purchasing a Ford Expedition, which will only cost the town \$3,000 more.

No further questions. Article was left as written.

**Article 13: To see if the Town will vote to raise and appropriate the sum of Twenty Thousand Dollars (\$20,000) to be added to the Town Cemetery Capital Reserve Fund previously established. (Majority vote required.)**

This appropriation is recommended by the Board of Selectmen and the Budget Committee.

The Moderator read the article and Mark Duffy spoke to the article. He stated that this money would complete the new cemetery, which is off Route 109/Lovell Lake Road. The current balance is \$3,524. The lots are

just about ready for sale.

No further questions. The article was left as written.

**Article 14: To see if the Town will vote to raise and appropriate the sum of Twenty Thousand Dollars (\$20,000) to be added to the Invasive Species Expendable Trust Fund previously established. (Majority vote required.)**

This appropriation is recommended by the Board of Selectmen and the Budget Committee.

The Moderator read the article and Paul Morrill spoke to the article. He stated that this type of article has been on the warrant for the past couple of years. This fund is set aside to assist in the control of milfoil and other invasive species, which may become a problem in Wakefield. The current balance in the fund is \$51,900. We have only expended \$15,000 out of this fund due to the fact that the two lakes that are affected by milfoil have been doing a great job with raising their own money, so they have not had to come to the town for much money. The two lakes affected are Belleau Lake and Balch Lake.

No further questions. The article was left as written.

**Article 15: To see if the Town will vote to raise and appropriate the sum of Fifty Thousand Dollars (\$50,000) to be added to the Wastewater Treatment Facility Capital Reserve Fund previously established. (Majority vote required.)**

This appropriation is recommended by the Board of Selectmen and the Budget Committee.

The Moderator read the article and Paul Morrill spoke to the article. He stated that the wastewater treatment facility is located out on Route 16. The monies will be used for equipment purchases for updates to the collection and treatment systems. He stated that the infrastructure is in pretty good shape. The problem being is that they are 20 years old and that eventually the generator, flow meters and four pumps will need to be replaced. The current balance in the fund is \$58,947.

Bob Peterson stated that 30 years ago we all put money into this facility so why if we have our own septic systems do we have to keep paying for something that we do not use. Paul spoke to the fact that yes, years ago the system was put in with a bond issue and the bond was split up by 50% raised in taxes and the other 50% was paid for by the people that were on the system, which they are still paying for in their sewer bills. Mr. Peterson was still concerned that we have to pay for the up keep of this facility when we do not even use it. Joe Fluett stated that the property lots in the center of town are too small to be able to have a septic system so this is how it has to be done, and we can not expect that they have to pay for it all due to the fact that there lots are too small for any other type of system.

No further questions. The article was left as written.

**Article 16: To see if the Town will vote to raise and appropriate the sum of Twenty-three Thousand Dollars (\$23,000) to be added to the Technology Upgrade Capital Reserve Fund previously established. (Majority vote required.)**

This appropriation is recommended by the Board of Selectmen and the Budget Committee.

The Moderator read the article and Mark Duffy spoke to the article. He stated that this year they are planning on purchasing two new computers, one would be for the welfare administrator and the other one would be for the Executive Assistant. They are also looking into purchasing new accounting software at the cost of \$17,000, and \$4,000 for support every year. He mentioned that the account balance is \$7,922.

No further questions. Article was left as written.

**Article 17: To see if the Town will vote to establish a Capital Reserve Fund under the provision of RSA 35:1 for the purpose of maintaining and upgrading Town of Wakefield parks and athletic fields and to raise and appropriate the sum of Twenty Thousand Dollars (\$20,000) to be placed in this fund and to designate the Board of Selectmen as agents to expend. (Majority vote required.)**

This appropriation is recommended by the Board of Selectmen and the Budget Committee.

The Moderator read the article and Mark Duffy spoke to the article. He stated that this is a one time warrant article to update the fields, storage, parking lot and possible purchasing of lights for the night games. Paul Morrill mentioned that Wayne Robinson the Parks and Recreation Director has taken on getting a lot of in-kind work from a lot of people to help with the constant upgrades of the fields and the roads.

No further questions. The article was left as written.

**Article 18: To see if the Town will vote to raise and appropriate the sum of Twenty Thousand Dollars (\$20,000) for the purchase of a 4x4 light duty truck for the Code Enforcement Department. (Majority vote required.)**

This appropriation is recommended by the Board of Selectmen and the Budget Committee.

The Moderator read the article and Paul Morrill spoke to the article. He mentioned that last year it was on the warrant and did not pass. The code enforcement mileage reimbursement this year was \$9,000. The board is figuring that over a three- year period this vehicle would pay for itself.

Someone asked if it is necessary to purchase a four-wheel drive vehicle or could they just purchase a regular vehicle. Paul stated that they

had thought of that, but due to the fact that the code enforcement office has to travel on private roads in town, that are probably not maintained as well as town roads, they feel it is necessary for the four-wheel drive vehicle.

No further questions. The article was left as written.

**Article 19: To see if the Town will vote to raise and appropriate the sum of Eight Thousand Seven Hundred Dollars (\$8,700) for the purchase of a tractor and attachments for the Parks and Recreation Department. (Majority vote required.)**

This appropriation is recommended by the Board of Selectmen and the Budget Committee.

The Moderator read the article and Mark Duffy spoke to the article. Mark stated that the parks and recreation department has never had equipment of their own and have had to rely on outside help. They would like to purchase a gator/tractor. This will make sure that we have one on hand to do our own maintaining of the fields.

No further questions. The article was left as written.

**Article 20: To see if the Town will vote to establish a full-time Planning Director position. It is anticipated that the hiring would not take place until July 1, 2006. Therefore, costs associated with this position, which are in the 2006 proposed operating budget, are for one-half of the year and are as follows: Salary - \$29,334, Soc Sec/Medicare - \$2156, NH Retirement - \$1998, Health - \$3538, and Dental - \$405. This article does not raise any additional money as all the above associated costs are in the 2006 operating budget presented in Article 27 on this warrant. (Majority vote required.)**

This article is recommended by the Board of Selectmen and the Budget Committee.

The Moderator read the article and Joe Fluet, chairman of the Planning Board spoke to the article. He stated that we are already spending just about all of this money on a consultant planner from Strafford Regional Planning Commission. What they are looking for is an in-house local planner that is dedicated to small town planning. This person could also work and help out with the Zoning Board, Conservation Commission, Heritage Commission and the Board of Selectmen. The Planning Board has a lot of work to do and could really use the help of a planner.

Bob Carrington asked if there are any towns as small as ours that have a full-time planner. Joe stated that Wolfeboro, Alton and Rindge are a few that they know about.

Mark Duffy stated that Strafford Regional Planning were the ones that mentioned that we should have a full-time planner.

Phil Twombly mentioned that in the article it addresses the wrong article for the operating budget. Paul Morrill made a motion that the article be

amended on the last sentence and to read “ This article does not raise any additional money as all the above associated costs are in the 2006 operating budget presented in Article 24 on this warrant.” The motion was seconded.

We then voted on the amendment. All were in favor of the amendment.

There was much comment on the cost of the planner and if the position is really needed.

No further questions. The article was left as written.

**Article 21: To see if the Town will raise and appropriate the sum of Five Hundred Thousand Dollars (\$500,000) for the purchase of development rights (conservation easements) on open space lands and furthermore to authorize the Selectmen to acquire said property exercising their authority under RSA 41:14-a, including the requirement for at least two (2) public hearings prior to binding the town to any such purchase, and further, that the amount raised and appropriated herein may be used to defray the costs attributable to due diligence inspections, title search charges, closing costs and other similar charges associated with any such acquisition. (Majority vote required.)**

This appropriation is recommended by the Board of Selectmen and the Budget Committee.

The Moderator read the article and Paul Morrill spoke to the article. He stated that this appropriation would help assist the Town in preserving open space lands in perpetuity. He mentioned that over the past few years there has been a lot of discussion on preserving open space in the town. Someone asked if the property stays on the tax role. Mr. Morrill stated that it does, but that the land is probably in current use and would only pay a small amount of taxes on that property anyway, same as it is on the tax role to date. The Town Attorney Rick Sager stated that the Town would purchase the development rights to the land, which is called a conservation easement. This attachment would carry through with the deed if there were any future sales of the property.

Nancy Spencer Smith, chairperson of the Conservation Commission, explained which properties they are looking to acquire. There are two pieces at this time, and one of the lots is already connected to land that is conservation land. She stated the best way to preserve your land and keep your taxes lower is to buy the land and put it in conservation, because it cannot be developed in years to come. The tax impact of this article is 51 cents per thousand.

Mr. Plourd asked if there was another way of purchasing these properties other than raising it through our tax dollars. Town Attorney Rick Sager said there are a couple of ways. One would be zoning, which is also being presented before the town's people. The only other way would be if someone were willing to just give his or her developmental property rights voluntarily.

No further questions. The article was left as written.

**Article 22:** To see if the Town will vote to place into the Conservation Fund 100% of the amount of land use change tax penalties collected each year (the maximum yearly amount was originally established at \$25,000 and then amended to \$100,000).

**(Majority vote required.)**

The Moderator read the article and Paul Morrill spoke to the article. He explained that this fund was established last year and that it is money from the land use tax, which is the penalty tax from property sold that was in current use. By placing this money into the Conservation Fund it would help in purchasing land or property rights in the future.

Nancy Bancroft stated that she feels the Conservation Commission should not have that much power in order to purchase and spend the money as they like, without a vote. Paul stated that there would have to be public hearings in order for anyone to spend money out of that fund.

No further questions. The article was left as written.

**Article 23:** To see if the Town will modify the elderly exemptions from property tax in the town of Wakefield, based on assessed value, for qualified taxpayers, to be as follows:

For a person 65 years of age up to 75 years, \$46,000 ;

For a person 75 years of age up to 80 years, \$62,000;

For a person 80 years of age or older, \$77,000.

To qualify, the person must have been a New Hampshire resident for at least 5 consecutive years, own the real estate individually or jointly, or if the real estate is owned by such person's spouse, they must have been married to each other for at least 5 consecutive years. In addition, the taxpayer must have a net income of not more than \$20,000 or, if married, a combined net income of less than \$25,000; and own net assets not in excess of \$150,000 excluding the value of the residence. The combined net asset amount for married persons shall apply to a surviving spouse until the sale or transfer of the property by the surviving spouse or until the remarriage of the surviving spouse. **(Majority vote required.)**

The Moderator read the article and Paul Morrill spoke to the article. He stated that they put this on the warrant to help the elderly reduce their taxes adding that they had been working with Howard Knight to have this article put on the warrant. Howard Knight spoke to the article stating that the last time this elderly exemption had been addressed was in 1997 when the valuation in town was 315 million. Now they are at 975 million. He mentioned the current exemption amounts.

No further questions. The article was left as written.

**Article 24: Shall the Town raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purpose set forth herein, totaling \$3,683,553? Should this article be defeated, the operating budget shall be \$3,394,994, which is the same as last year, with certain adjustments required by previous action of the Town or by law, or the governing body may hold one special meeting, in accordance with RSA 40:13 X and XVI, to take up the issue of a revised operating budget only. (Majority vote required.)**

This appropriation is recommended by the Board of Selectmen and the Budget Committee.

The Moderator read the article and Paul Morrill spoke to the article. He stated that this is the number that is in the line item of the operating budget for the town departments. If anyone would like a break down of any of the items the board would be glad to give that information. The Moderator asked what the total impact of the warrant articles are as they stand. Judy Nason stated that the increase from last year is \$688,938.

No further questions. The article was left as written.

**Article 25: Are you in favor of amending the Solid Waste Management Facility (Transfer Station) Ordinance to allow the Selectmen, following a duly-noticed public hearing, to amend the Ordinance when necessary to comply with changes in State or Federal regulations or to implement changes in the day-to-day operation of the Facility? (Majority vote required.)**

The Moderator read the article and Paul Morrill spoke to the article. He mentioned that at this time the Board is allowed to adjust fee structure only and not the contents of the ordinance. They would like to be able to address issues throughout the year, such as commercial haulers, instead of waiting until the following year.

No further questions. The article was left as written.

**Article 26: By Petition: To see if the Town will raise and appropriate the sum of Nine Thousand Four Hundred Eighty Dollars (\$9,480) for the purpose of providing low cost legal services for the citizens of Wakefield by Community Legal Services Inc., a New Hampshire non-profit organization. (Majority vote required.)**

This appropriation is not recommended by the Board of Selectmen or the Budget Committee.

The Moderator read the article and petitioner Ruth Hall spoke to the article. She explained the goals of this non-profit group. Their mission is to provide low cost legal services for the areas of Strafford County and Carroll County.

Paul Morrill spoke to the reasons why the Board of Selectmen is not in favor of this article. The Board felt that it is a start up business and that the

Town should not be paying for a business to start up in town. They also felt that the money they were asking for was not going to help just Wakefield residents.

A resident mentioned that if this article passes then it opens it up for every non-profit organization to come before the Town for money.

No further discussion.

**Article 27: By Petition: To see if the Town will authorize the donation of a one year lease for space designated as Rooms 109, 110, and 111 in the Town-owned Greater Wakefield Resource Center to Community Legal Services Inc. for the purpose of providing low cost legal services to Wakefield residents for one year. (Majority vote required.)**

(Selectmen's Note: The annual rental value of Rooms 109, 110 and 111 is \$9,900.)

The Moderator read the article and the petitioner Ruth Hall spoke to the article. She mentioned where the business is located at this time and how they are out of space. She also mentioned that the rental money would not be loss of revenue to the Town of Wakefield, it would be to the Greater Wakefield Resource Center.

Mark Duffy spoke to the article stating that the Greater Wakefield Resource Center has worked very hard over the past couple of years to make that building self-sufficient. The Selectmen would prefer that the resource center rent out the rooms so that they can stand-alone and not receive any money from the Town of Wakefield.

No further discussion.

**Article 28: By Petition: Shall we adopt the provision of RSA 72:28, II and IV, for an optional veterans' tax credit of \$500.00 on residential property and replace the standard tax credit in its entirety. (Majority vote required.)**

(Selectmen's Note: The current veteran's tax credit is \$250.00.)

The Moderator read the article and petitioner David Lee spoke to the article. He talked about his reasons for putting this article on the warrant. He stated that there are 19 towns in Carroll County and ten of those towns are already at the \$500.00 tax credit.

No further discussion.

**Article 29: (Straw Poll) Are you in favor of imposing impact fees upon new residential and commercial development in Town? Impact fees would not apply to renovations or additions. New development causes the Town to incur increased expenses for things such as school rooms, fire trucks, policemen, and snow plows, and impact fees are a way of offsetting some of these increased costs. An impact fee ordinance could require that impact fees be paid by the developer or by the home builder, depending on how**

the ordinance is written. (This is an advisory article placed on the warrant at the request of the Planning Board, and is non-binding. If approved, the Planning Board will work to develop an Impact Fee Ordinance to be placed on the 2007 Town Meeting Warrant for voter approval.)

The Moderator read the article and Planning Board Chairperson Joe Fluet spoke to the article. He stated that the ordinance as it is now is very complicated, so they do not want to do all this work to change the ordinance if everyone is not in favor of the change. It is not just the impact fee that is involved. You would have to relay it into the capital improvement plan, which means you have to update the capital improvement plan. When you get the impact fee the money has to be allocated exactly to the items in the capital improvement plan. So they just want to know how the town feels about it before moving forward.

No further discussion.

**Article 30: (Straw Poll) Are you in favor of imposing a limit on the number of building permits issued each year for new residential home construction in Town? The limit on building permits would apply only to the creation of new dwelling units, and would not apply to additions, or the repair, reconstruction, renovation, or alteration of existing structures. The primary purposes of limiting the number of building permits would include: providing a predictable residential growth rate to enable the Town to plan for and expand facilities, and to control the Town's growth rate so that the annual increase in population can be adequately served by community facilities. (This is an advisory article placed on the warrant at the request of the Planning Board, and is non-binding. If approved, the Planning Board will work to develop a Residential Growth Management Ordinance to be placed on the 2007 Town Meeting Warrant for voter approval.)**

The Moderator read the article. No discussion.

**Article 31: To transact any further business that may legally come before this meeting.**

No further business. Meeting was adjourned at 10:45pm

Respectfully Submitted,

Teresa A. Williams  
Town Clerk

<b>Total Payments to Treasurer</b>	<b>\$ 790,573.78</b>

Unbelievable that another year has passed us by. I hope this year was a healthy and happy one for everyone. The office has had some change in staff this year. My previous Deputy, Nancy Slack, gave her notice in February; but in March we hired Dawn Mahany as my Deputy. So when you come to the office, make sure you give her a nice warm welcome. She is doing a wonderful job.

This year we have been working on the State of NH auto registration program called MAAP. I hope that everyone has had a great experience with this program as they came in to renew registrations or received new registrations. The program is a lot faster and the capabilities that we are able to do for you are wonderful. We have processed many vanity plates, helped people with address changes, issued Moose plates and processed over weight registrations. All of this gives revenue to our town. Speaking of revenue for our town, in May we started processing boat registrations.

Without much advertising, due to learning the program, we took in \$5,500 in revenue for our town to keep, which in 2005 went to the State of NH. Hopefully, with word of mouth and advertising we will be able to collect even more revenue. As with anything, though there is a minor problem, which is that we could possibly have a few more people in line. Please have some patience. We will do the best we can so that you will not have to wait too long.

Keep in mind that you can get certified copies of birth, marriage and death records from this office. The records from 1988-present we can definitely obtain from the State of NH vital records system. The records prior to 1988 we should be able to obtain shortly, so keep checking with us if you need a vital record. As of January 1, 2007 we can now obtain a record of divorce if it occurred in New Hampshire. This will only be done if the person is getting remarried and needs that copy to apply for the marriage license. The fees are the same as the vital records—\$12.00 for first copy, \$8.00 if another one is needed at the same time.

Don't forget that dog licenses are due by the end of April. So come on in and get that shiny new tag for your four-legged friend.

I hope that everyone has a great New Year. I look forward to seeing you all this year.

Respectfully Submitted,

Teresa A. Williams  
Town Clerk

# TAX COLLECTOR'S REPORT

Once again I was privileged to be re-elected in March to another three-year term as your tax collector. I sincerely appreciate the opportunity to serve in this office. This year the voters approved modifications for elderly exemptions from property tax. The changes allowed more people to qualify for exemptions on their property. The voters also voted to increase the war service credits for eligible veterans, spouses or widows.

The State of New Hampshire will again be offering the Low & Moderate Income Homeowners Property Tax Relief program. Eligible residents, regardless of age, receive relief from the State of New Hampshire on a portion of the State Education Property Tax, which is included in the tax rate. The filing period for this program is May 1, 2007 thru June 30, 2007. Claim forms will be available at the town hall by the end of April.

As always, anyone having tax questions is encouraged to call the office. The telephone number is (603) 522-6205, extension 305. The office hours are:

Mon., Tues., Thurs., Fri	9:00AM – 2:00PM
Wednesday	9:00AM-12:00 Noon

Respectfully submitted,

Cathy Kinville  
Tax Collector

# SELECTMEN'S REPORT

2006 was a productive year in many ways, and there were many challenges with which to deal. The year started off with record rains that tested the capacities of all of the town's waterways. The town's dams performed well, but the dam in Union was very close to being breached. The water rose to levels very close to overflowing the riverbanks, thus possibly compromising the dam. There were considerable washouts throughout the town, the worst being the Maple Street Bridge, which had to be closed until the repairs could be done. The record rainfall caused considerable flooding for residents on the southeast side of Lake Ivanhoe (aka Round Pond). The floodwaters completely surrounded some of the homes causing damage to the properties. The rain also washed out the roadway on the Acton, Maine side of the Canal Road bridge causing the bridge to be closed for a short period of time until repairs could be made. It was at this time the Selectman from Acton and Wakefield reviewed the state bridge inspection reports (Maine and NH) and decided that the bridge needed to be closed to all traffic, except for passenger vehicles. We will be working with Acton, State of Maine and New Hampshire to see what can be done to restore this historic bridge so that it can be reopened to all traffic. For those of you who are not familiar with the canal and bridge we encourage you to take a moment and visit this site and enjoy the beautiful historic structure--it is truly a work of art.

The Lake Associations in town have continued the efforts to control the spread of invasive species (milfoil) in the town's many lakes and ponds. Lovell Lake has again sponsored the Lake Host program that hires individuals to man the boat launch area to educate boat owners and to help with the visual inspection of boats entering and leaving the lake. Belleau Lake Association has continued its efforts to control the spread of milfoil using approved treatments. The Acton/Wakefield Watershed Alliance (AWWA) again sponsored and supervised a conservation youth group that works on projects to mitigate erosion problems around the lakes, as well as educating the public to accepted best practice approaches to dealing with erosion issues.

The taxpayers voted to support the concept of protecting open space and conservation areas; and following that appropriation (\$500,000) the Conservation Committee brought forward for consideration the Barbour Property, which borders the Union Meadows. The Selectmen held a series of public hearings on the purchase of the conservation easement on this property. The decision was made to move forward and the Town, along with Moose Mountain Regional Greenways (\$25,000 grant) secured the easement, thus protecting this property from being developed and pre-

serving its natural state. We encourage everyone to take the opportunity to visit the area and enjoy its beauty and peacefulness.

These are just a few examples of the efforts by volunteers and the Town to protect Wakefield's natural resources, and we thank all who have given of their time and donations.

State of New Hampshire Department of Transportation representatives met with us to lay out the plan for fixing the dangerous intersections on Route 16. They are starting with the intersection of RT16/ Pine River Pond Rd (already in progress) and indicated that they were looking to work on the Crew Rd area at the same time.

Next they intend to address the RT16/Gage Hill Rd intersection, with the RT16/Stoneham Rd and RT16/Governors Rd intersections to follow.

The Cable Committee along with Annie Robbins has been working hard to get the town's PEG channel (Channel 3) up and running. The channel runs listing of local events, groups and organizations. They will be showing locally taped events. For more information, send emails to [askpuce@verizon.net](mailto:askpuce@verizon.net).

The Selectmen continue to work with CMA Engineers to develop strategies for dealing with the town's wastewater/septage issues. They are also completing the conceptual plans for an upgrade to the town's transfer station.

The conceptual drawings for the completion of the second floor of the public safety building have been completed and have been reviewed by the Chiefs of Police and Fire for their approval. A timeline for moving forward with the project has not yet been established, but we feel that when that time arrives we will have the layout done and will be ready to move forward without delay.

The Town Hall/Opera House Restoration project is moving forward. Wakefield Projects Inc (WPI) has donated a new Stage Curtain and all of the required rigging to the town and is beginning their fund drive to restore the Opera House Balcony (est. \$50,000). They are also working hard on securing funding from grants, foundations, and donations. They have a very aggressive plan and expect to fund a large part of this project. The Town has contracted with TPD Construction from Sanford, Maine to complete the basement renovation. The contract is for \$346,600.00 and is expected to take about 6 months to complete. We are looking forward to getting this first stage of the restoration completed and moving staff into the new space.

Please visit [www.wakefieldnh.com](http://www.wakefieldnh.com) to stay up to date with all of the town's boards and committees. The site offers a wealth of information about what is going on with town affairs.

The Selectman want to thank the all the people who get involved by serving on local boards, associations, youth groups, and committees, etc. and to those who attend and support these meetings and groups by offer-

ing up their ideas and comments. We also thank the town employees for their efforts and dedication while providing excellent service to the visitors and citizens of Wakefield.

Respectfully submitted,

Paul S. Morrill, Chairperson  
Mark P. Duffy  
John J. Blackwood

# ANIMAL CONTROL OFFICER'S REPORT

There were a total of 1200 licenses issued for the year 2006. There were 8 kennels with another 55 dogs, for a total of 1255. A few dogs that did get by without a license would be newcomers in town. Our licensed dogs are up to date on rabies vaccine. Check on your dog's license for the date of rabies expiration. Remember to have your log licensed; the rabies vaccine **must** be up to date. This is the healthy way to go for animal and humans.

Cats and dogs have been left behind. Remember: If you see anyone attempting to drop off an animal on the roadside or on an abandoned property, the most important thing to do is to get the license number from the vehicle. Please report such things to the Animal Control Officer or the Police Department immediately. With your help, we can quickly turn a bad experience into a good home for the animal that has been forgotten. Animal abuse laws can then be applied to the person(s) who have put the animal(s) out.

Do you need help for placement or care of your pet? Call your Animal Control Officer. There are people and places that help find homes for animals. Do NOT just drop it/them off on a back road!!!

Our Ordinance for large animals, poultry, etc., running at large has been applied in a few cases and has been enforced in much the same manner as the dog laws of the State. A warning in many cases has served to be a one-time action, with compliance met and no further calls. Poultry at large is very annoying to neighbors. Property fences for the llama, horse, sheep, cow, goat and swine have greatly reduced escapes. A first warning will be given as accidents do happen, but steady roaming will become costly.

Yearly **approximate** activities are as follows:

Miles Logged	3872.7
Phone Calls (at home office)	1600+
Phone Time (calls in & returned)	602+ hours
Travel Time (all animals)	302+ hours
Incident Sheets	48
Warnings	15
Forfeitures	66 (1 unpaid)
Bites	4
Dogs Removed from Town of Wakefield	2
Animal Abuse Reports	4 (2 unfounded)

A very successful rabies clinic was held once again with the Milton Veterinary Hospital. Please watch the paper and Town announcements for the clinic in the spring. This will save you a few dollars on your rabies shot as the office call is free!

This report does not reflect calls and time performed through or by the Wakefield Police Dept. The Office of Animal Control does recognize the special efforts of different offices and townspeople. Thank each and every one of you. Please keep your dog ID on a collar. This gives quick return of your dog with just a phone call.

**Remember!! Rabies Shots Must Be Up To Date To License Your Dog!!**

**NOTICE!!**  
**2007 DOG LICENSES ARE DUE**  
**BY APRIL 30, 2007**  
**NOTICE!!**

Respectfully submitted,

Henry M. Blanton  
Wakefield Animal Control Officer  
473-2826

# INDEPENDENT AUDITOR'S REPORT

The accounts of the Town of Wakefield for the year 2006 will be audited in February 2007. The Auditor's Report is expected to be completed in April 2007 and will be available for public inspection at the Selectmen's office once received.

# CABLE ADVISORY BOARD

We have two major events to report this year. Time Warner has completed the take over of Adelphia and is Wakefield's new cable service provider. On September 19<sup>th</sup> WCAB hosted a public meeting with Rodney King and Mike Edgecombe from Time Warner in order for citizens to learn about any changes to their service that may occur due to the takeover, especially with their email. RoadRunner.com will replace Adelphia.com. Customers should be notified, by regular mail and email, when the change will take place. Time Warner is striving for a smooth transition.

This year the Board, with the support of the Selectmen, was able to realize a long-term goal with the start up of our very own local cable station, which enables broadcasting from the town hall on Channel 3! Wakefield Community TV generates the Community Bulletin Board text on a regular basis thanks to Mrs. Casperonis' very generous volunteer hours. She has done a great job! Local video programming of the 2006 Spaulding High Graduation, 2005 and 2006 Pride Day and the recent meeting with Time Warner has also been broadcast starring our very own WCAB members! Public access TV has become another integral resource for sharing real time information within communities. The station has submitted a budget to purchase equipment to allow us to produce more local programs and schedule video broadcasting by computer. Time Warner has been asked to donate 50% of these funds. We look forward to their generous response. Thank you Mr. Sager for the donation of a computer! We want to especially thank Mr. Duffy, the Selectmen and Robin Frost for all of the time they spent negotiating the contract with Adelphia and making this station possible.

Future goals include devising a method to determine the cable needs and issues of the community. Customer feedback will be key during contract renegotiation.

Thanks to NH Coalition for Community Media continued support. Thanks also to Ann Gehring for taking over the secretarial duties during Mrs. Robbins' absence.

Respectfully submitted,

Mark Duffy, Selectman  
Dick White, Chairman  
Dave Tibbetts, Vice Chair  
Ann Gehring, Acting Secretary

Bob Barnes  
Jason Brown  
Annie Robbins, Station Coordinator

# CODE ENFORCEMENT OFFICE

The Town of Wakefield experienced a continuation of spirited activity in home construction and permits issued over the past year.

	<u>2005</u>	<u>2006</u>
NEW HOMES	93	64
ADDITIONS	71	52
OUT BUILDINGS	73	43
COMMERCIAL	4	2
DEMOLITION	17	17
SIGNS	15	4
FLOOD ZONE	4	1
RENOVATIONS	39	22
RENEWALS	7	8
ELECTRICAL	262	187
PLUMBING	147	109
MECHANICAL	<u>135</u>	<u>95</u>
<b>TOTAL</b>	<b>867</b>	<b>604</b>
<b>TOTAL FEES COLLECTED</b>		<b>\$ 84,758.05</b>

During the past year our office has experienced several major changes. In July, Kenneth S. Paul resigned to pursue other interests. He brought the Town of Wakefield through the largest growth period on record. Ken worked hard to familiarize contractors, property owners, and the public with Town, State, and Federal Building Codes, their adoption and implementation. We wish Ken the best of luck!

Mr. Robert Flanders, Interim Building Inspector, Code Enforcement Officer, and Health Inspector came to assist Steve and Cheryl 2 days a week issuing Building Permits and helping to conduct inspections. Thank you, Bob, for your time, talent, and support!

In September, I joined the Town of Wakefield as the new Building Inspector, Code Enforcement Officer, and Health Inspector. I have been traveling all forty-five square miles of the town becoming acquainted with property owners, as well as local contractors, on a daily basis. I am excited about working so close to home and come with many years experience in the building trades, having been, and am currently still, a licensed contractor in the State of Massachusetts. Stop by the office and introduce yourselves!

In November, Stefan Zalewski, our Zoning and Shoreland Compliance Officer submitted his resignation to pursue other interests. He worked with the Zoning Board on changes in the Zoning Ordinances, which the Town of Wakefield adopted in March 2006. Steve worked hard in actively dealing

with issues concerning Zoning, complaints about Water/Shoreline problems or procedures, building near Wetlands, and the Shoreland Protection Act. We wish Steve the best of luck!

In December, John Ciardi joined our team and became our new Zoning and Shoreland Compliance Officer/Deputy Code Enforcement Officer/Deputy Health Officer. John will be working Tuesday, Wednesday, and Thursday from 8 am to 3 pm. He will be dealing with issues concerning Zoning, complaints about Water/Shoreline problems or procedures, building near Wetlands, and the Shoreland Protection Act. John will also be conducting building inspections as needed. Please stop by the office and welcome John.

The office received over 6300 phone calls and e-mails, conducted 1244 inspections, acted on 78 complaints, and obtained 243 hours of continuing education.

Both John Ciardi and I are certified by the International Code Council as Residential Building Inspectors. John is also certified as a Residential Plumbing and Residential Electrical Inspector. I am currently working on my Commercial Building Inspector's Certification.

Our office hours are Monday, Tuesday, Thursday, and Friday 8:00 am to 3:30 pm and Wednesday 8 am to Noon. Please remember, our office is here to assist you and feel free to stop in, call or email any questions or concerns you may have. If you are not able to stop by the office, you may access Building Permit Applications on-line at the Town of Wakefield website which is [www.wakefieldnh.com](http://www.wakefieldnh.com).

Respectfully submitted,

Arthur Capello

Code Enforcement Officer/Building Inspector/Health Officer

# WAKEFIELD CONSERVATION COMMISSION

As in past years, the Commission has been meeting twice monthly. In order to facilitate public attendance, we meet at 6pm on the first Tuesday of the month and at 9am on the third Tuesday of the month. Due to lack of space in the Town Hall, the Commission has moved its offices to The Greater Wakefield Resource Center. Grant monies have made possible the sharing of three spacious rooms with ample wall space for large maps, with the Acton Wakefield Watershed Alliance, Moose Mountains Regional Greenways, Wakefield Land Conservation Group and Wakefield Water Resources Group.

As a result of NROC working with our community last year, two sub-committees of the Wakefield Conservation Commission have been formed. They are Wakefield Land Conservation Group and Wakefield Water Resources Group. Throughout the year Commission members have been meeting regularly with both groups.

The Wakefield Land Conservation Group (WLCG) is tasked, using a carefully thought out set of criteria, with identifying prospective land for protection. The Chair of this group is Cindy Barstow, with Doug Stewart serving as Vice-Chair. The meetings are held at the GWRC on the second Wednesday of the month at 6:30pm. In the past year this group has been researching the economic and environmental benefits of land conservation. The result of this research has been presented in newsletters that have been distributed throughout the Town. Working closely with experts from MMRG, Strafford Rivers Conservancy and the Barbour sisters, 116 acres of the pristine Barbour property, with close to 1000' of frontage on the Union Meadows has been preserved. Funding for this, in part, came from the \$500,000 warrant article passed by the Wakefield voters last March. Four other properties in Wakefield are under careful scrutiny for conservation. At this point in time an appraisal has been completed on one, and appraisals are underway on the other three properties. DES water supply grant funds have been awarded to one such project, and it is anticipated that by mid-spring this project will be ready to be presented to the Town for consideration. NROC obtained funding for WLCG to conduct a community survey, which was completed in December. Additional funding was obtained to produce a brochure on land conservation, which was recently mailed out to taxpayers residing in Wakefield.

The Wakefield Water Resources Group (WWRG), chaired by Peter Brown, has spent much of the past year working on the careful drafting of a Water Resources Chapter to be appended to our Town Master Plan. Funding for this effort was made available through NROC. Due to the departure of Gerry Mylroie, Senior Planner at SRPC, and the length of time

to find his replacement, this Chapter is just now approaching its final rendition. This spring, the new Senior Planner at SRPC, Julie Labranche, will be working with the WWRG in presenting this chapter to the Planning Board for inclusion in the Town Master Plan.

# WAKEFIELD FIRE / AMBULANCE REPORT 2004

2006 was our busiest year so far for both Fire and EMS. The Department is staffed by two (2) full time FF/EMT Intermediates. They work Monday through Friday, 6 am – 5 pm. Volunteers, who also assist the duty crew during the day if needed, cover all calls for nights and weekends.

In January 2007 the Department put into service our new 2006 HME Custom fire truck. It has a 1500 gallon per minute pump and carries 1000 gallons of water, as well as a foam system capable of Class A and Class B foam. Its call sign will be 8 Engine 2, as was the truck it is replacing, a 1979 Ford C8000 Fire Engine that has been out of service since March 2005 due to frame issues. This new truck will be a significant upgrade for our Department.

The Wakefield Fire Department and the Wakefield Fire Department Ambulance responded to a total of 821 calls in 2006. EMS emergency calls included:

Medical Calls	290	Calls in Wakefield	270
Motor Vehicle Accidents	97	East Wakefield	02
Trauma Calls	81	Union	44
Codes	3	Brookfield	56

The Ambulance also responds to the needs of our community in other ways, such as lift assists for our elderly or disabled, helping someone with their home oxygen, responding with the Fire Department on fire calls and standing by for the Wakefield Police Department if they are concerned with a possible medical need on a call.

We continue our membership in the Ossipee Valley Mutual Aid Association, as well as mutual aid relationships with our Maine neighbors. The Fire Department and/or the Ambulance respond to our neighboring communities whenever they call for our help, and they respond if we should need theirs. These agreements are very beneficial to us all.

Fire Emergency calls for 2006 included the following:

Motor Vehicle accident	78	Furnace problem	4
Motorcycle accident	11	Dryer fire	1
Structural fire	12	Fire on/in stoves	3
Wildfire		Search for missing persons	2
(brush, grass, woods)	11	Small plane crash	1
Alarm activation		Boat accident	2
(fire, smoke, CO)	21	Good intent call	8

Chimney fire	5	EMS lift/carry assist	5
Motor Vehicle fire	9	Bomb scare/threat	2
Illegal or unattended		Lightening strike	1
outdoor fire	20	Trees down/wires down/	
Smoke in a building	8	transformers burning/	
Fuel spill	12	trees blocking roads	41
Smoke investigation	11	Flooded basements	27
Odor investigation	3	Check dams	6

As can be seen by our statistics, the flooding in May and a windstorm in October called for many hours in difficult situations over a short period of time.

I would like to thank all of the Fire and EMS personnel; you work as a team to handle any emergency. Your commitment, caring and determination does not go unnoticed. I again would also like to thank the families for their support and understanding of the many hours spent away from home. Their names are as follows:

Rhodes Haskell, Jr, FF/EMS, Deputy Chief	Richard Hageman, FF
Dean Nason, FF, Captain	Mark Haskell, FF
George Pearce, FF, Captain	Stan Hawthorne, FF
Ken Paul, FF/EMS, Captain	Dan Hill, FF
Jerry Rowe, FF, Lieutenant	Vaun Horn, FF
Rhodes Haskell, III, FF, Lieutenant	Jason Johnson, FF
Mike Moore, FF, Lieutenant	Tom Keane, FF
Pat Brackett, FF/EMS, Captain	Steve Libby, FF
Jane Runnels, EMS, Lieutenant	Tom Mix, FF/EMS
Janet Williamson, FF/EMS Lieutenant	Sam Morrill, FF/EMS
Eric Boggs, FF	Courtney Nason, FF
Tim Brackett, FF	John Nason, FF
Chris Bertogli, FF/EMS	Janice Newton, EMS
John Bertogli, FF/EMS	David Silcocks, FF
Dave Cotreau, FF	Brad Williamson, FF
Steve DeBow, FF	Dick Wilson, EMS
Rob Downs, FF/EMS	Mike Young, FF

In late 2005, The Fire Department began a Juniors Program for young men and women, aged 16 – 18, interested in serving their community and preparing to become active firefighters upon reaching the age of 18. They train weekly and are very hardworking. Their names are as follows:

Caitlin Nason	Tiffany Pearce
Jon Gould	Ken Paul, Jr
Rob Baldwin	Chuck Libby

I thank the Sanbornville Firemen's Association for their continued support. All funds raised go to the benefit of the Department. My thanks also go to the East Wakefield Volunteers for their purchase of 2 cold water rescue suits and rescue rope bag.

To the Wakefield Board of Selectmen, the Town Administrator, those helpful people who run Town Hall and to the citizens of Wakefield - Thank You - from all of us at the Wakefield Fire Rescue Department. We greatly appreciate your support.

Stay safe and have a healthy 2007.

Respectfully submitted,

Todd C. Nason, Chief  
Wakefield Fire Rescue Department

# 2006 HIGHWAY DEPARTMENT REPORT

The Wakefield Highway Department has the following agenda for 2007: Gravel one mile of Old Stage Road, .42 miles of Harmony Drive, .45 miles of Marsh Road #1 and .35 miles of Marsh Road #2. We also plan to shim and overlay 2550' of Whippoorwill Road and 2000' of Wilson Road. 1.6 miles of Pickpocket Road will be paved.

This department continues to pride itself on being staffed by qualified individuals, each with their own area of expertise. As a group, they comprise an exemplary team. I thankfully appreciate all the work done by:

- Fed Clough, Assistant Road Agent
- Russell (Rusty) Loring, Chief Maintenance Engineer
- David Nason, Equipment Operator
- Daryl Crawford, Maintenance Engineer

In addition to regular maintenance and road repair, snow, ice and sleet control, the winter care of the Town's two schoolyards, and municipal parking lots, the following roads in the various villages of Wakefield were tended to:

Pigeon Hill Road	(1900x20)	Shim & Overlay
Railroad Avenue	(1100x20)	Shim & Overlay
Chapel Street	(750x20)	Shim & Overlay
Chapel Street #2	(310x20)	Shim & Overlay
Bridge Street	(570x20)	Shim & Overlay
Bridge Street Ext.	(180x20)	Shim & Overlay
Maple Street	(1620x20)	Shim & Overlay
Brewster Road	(300x20)	Shim & Overlay
Old Settlers Road	(850x18)	Shim & Overlay
Randalls Drive	(1120x20)	Shim & Overlay
Cosmar Drive	(200x40)	Shim & Overlay
Witchtrot Road	(5300x20)	Shim & Overlay
School Street Ext.	(200x30)	Shim & Overlay
Cedar Street Ext.	(200x20)	Shim & Overlay
Leighton Corner Rd	(1.8 miles)	Addressed Drainage & Graveled
Flynn Road	(.3 miles)	Graveled

I would like to thank the people of the Town of Wakefield for their patience while their roads were under construction, as well as those of you who are still waiting to have your roads improved upon or rebuilt.

Respectfully submitted,

Daniel R. Davis

## WAKEFIELD HERITAGE COMMISSION

With the sale of the J.W. Garvin building this past year, the focus of the Heritage Commission has been on seeking a suitable building for our central place for special displays of our Town's past. The Center of the Branch River Valley needed to be saved, displayed and expanded. Fortunately for our Town of Wakefield, the Railroad Station in Union became available. Therefore we took the money from the sale of the J.W. Garvin Building and purchased the Station, along with the nearby freight building. The intended purpose of purchasing these two associated structures is to develop a local Historical Museum. As you all know our Town of Wakefield was truly a very active Railroad Center having had five Railroad Stations within its borders. Railroad memorabilia will, therefore, be shown extensively, although not exclusively. Ice Harvesting too will be very evident. In 1854 the Trains came as far north as Union. It wasn't until 1871 that they reached "Wolfeboro Junction" (Sanbornville) and beyond. It took 20 minutes to go from "Union" to "Wolfeboro Junction"(Sanbornville). Four minutes later one could be in "Wakefield Village", and twelve minutes later in "Burleyville" (East Wakefield).

In just another eight minutes at "Mathews"(North Wakefield). As many as twenty-five or thirty trains would travel this route each day, especially in the summer months, with at least 110,000 passengers on board. Since our town has more lakes than any other town in New Hampshire people were vacationing on the lakes and going to the White Mountains, and they needed transportation. The trains either stopped or passed through Wakefield on their way north and of course going south.

Going back to the Garvin building, we have already moved all of the display materials from there to the Union Station. They are, however, not yet arranged for viewing and are awaiting our attention. The members of the Lovell Union Grange #178 offered the Grange Hall in the Historic District to the Heritage Commission for the sum of \$1.00, which we accepted on June 8, 2006. To date we have not done any preservation work on the Grange Hall.

We have already done a considerable amount of work on the Spinney Meeting House and have had one or two activities there on the past few years. This building was granted to the Commission through a Court order with necessary fees. We now have three older buildings in our care. For our painted wooden image last Pride Day, we offered the "Wayside Inn" on Lovell Lake. This has sold well. This coming Pride Day in May we will have a similar plaque depicting the Union Railroad Station. During the summer months this past year we have engaged a Docent for the small museum we have had in the JW Garvin Building.

From time to time during this year we have had several discussions of concerns of landowners within the Historic District.

Respectfully Submitted

Elizabeth B. MacRury, Chairman

Peter Brown, Vice Chairman

## GAFNEY LIBRARY INC.

The year 2006 was another busy one for the Gafney Library. Overall circulation of books, books on tape, videos/dvds and, new this year, music CD's was up 7.5 percent over last year. Use of the library by its 2,830 patrons was up 3.8 percent and computer use up 13.8 percent. The new homeschool, parenting and young adult resource areas are being discovered and well used. The library has been nominated for the "Best Small Library in America" award sponsored by the Bill and Melinda Gates Foundation through the American Library Association's "Library Journal." The Public Library Association's national conference was held in Boston last spring and its close proximity allowed Library Director Beryl Donovan and Children's Librarian Diane Cassidy to attend.

Of interest is how well the Gafney Library compared with other libraries across the nation, as we discovered at the conference. Our literacy program was used as an example of success in a literacy breakout session. Libraries across the nation are being encouraged to develop literacy programs for their communities. As a natural tie-in to library services, literacy programs will help the more than 43% of the nation's population that struggles with reading skills. The Gafney Library literacy program is well established at the Greater Wakefield Resource Center and is open as a drop-in center every Wednesday from 3-7:00 p.m. During 2006 the program served 35 students who made 183 individual visits, an increase of 45 visits over the previous year. Over the course of the program 15 students have passed the GED test. Some have gone on to college or tech schools. At the present time students must take the GED test at formal testing centers outside the area, usually Conway or Dover and for most students transportation to the testing centers is a major blocking point. To address this issue, our program will establish a formal GED testing center in Wakefield. Included in the literacy program is a career counselor position. Career Counselor Linda Buttrick met with 20 area residents for a total of 33.5 hours providing information on scholarship searches, resume writing and interviewing skills, job and career searches, career change and planning new business ventures. The literacy program also initiated quarterly roundtables comprised of administrators from Spaulding High School and Paul School, school board members and other interested parties. The mission of the roundtable discussions is to determine the dropout rate, advocate for Wakefield students at Spaulding, ease the transition for students from Paul School to Spaulding and provide Spaulding information to Wakefield residents about high school happenings.

The board of directors, with Titia Bozuwa as President, and members Maggie Kennedy, Stan Lombara, Ann Gehring, Penny Voyles, Carol Jeffery, Jim Murfey, Tom Lavender and elected Wakefield trustee Tim Hall is actively pursuing both short and long term solutions to library space problems.

To expedite the process the board is hiring a facilitator to help the long range planning committee move forward. The library is severely space constrained for a town with Wakefield's population, and lacks meeting/program space, a teen area, staff processing/work space, reading/study area and technology. It is hoped that a long range plan will be finished by November 2007. The board oversaw a successful annual appeal bringing in over \$10,000 from loyal patrons and business supporters.

The summer reading program "Treasure Reading" ran for six weeks and was a huge success. The 94 registered children read 784 books, and spent 18,900 minutes doing so. Forty-one adults and 104 children attended the various programs and workshops. Children's librarian Diane Cassidy attends staff meetings at Paul School during the school year to make sure the library has the reference and reading books necessary for students to complete research and book report requirements. Every effort is made to provide ready access to books for early readers, and to materials necessary for elementary and high school students undertaking research projects. Diane developed and held 71 programs, including story times, for over 369 children and 144 adults.

The Alden Young Art & Music grant sponsored several art and music workshops and a calligraphy class. Students at Paul School also were treated to two plays at the Rochester music hall last spring through the grant.

Other successful programs at the library include the weekly knitting group, IRS tax preparation with AARP volunteer Howie Knight (over 50 people were helped), Medicare D assessment, and the fuel assistance program.

The non profit organization, The Friends of Wakefield Libraries, through its fundraising activities has provided funds for the summer reading program, newspaper and magazine subscriptions, passes to the NH Farm Museum and the Wright Museum and will be helping finance the long range planning facilitator. The Friends will again sponsor the summer Art in the Barn event cooperatively with the library board of directors this summer. The Friends sponsor the library's monthly art exhibits and hired artist Peter Abate to hang and dismantle the exhibits. Several area residents have been able to exhibit quilts, watercolor and oil paintings and collages. One month each year is set aside for the Paul School and high school students to display their work.

Our loyal volunteers put in 1,044 hours this year at the circulation desk, helping with programs, book processing, shelving, shelf reading and special projects. This does not include the hours put in by those working in the literacy program as study helpers and committee members. Volunteers are the spine of the library, without them we would not be able to accomplish all we do for such a small library...thank you!

Respectfully submitted,

Beryl Donovan, Library Director

## Librarian's Report 2006

The Wakefield Library has been open during the past year - as it has been for over 100 years - on Wednesdays from 1:00 p.m. to 4:00 p.m. The library has also been open on Wednesday and Saturdays during July and August from 10:00 a.m. to noon, and from 1:00 p.m. to 3:00 p.m.

Circulation during 2006 was 884 books, broken down to 844 adult fiction and 40 adult non-fiction, taken out by 285 patrons.

New books added were 62, and 16 new books were given as gifts. There were some gifts of money, for which we are grateful.

The Trustees are: Peter Brown, Chairman; Debra Joyce, Secretary; Nancy Hall, Treasurer; Ann Hatch, Pamela Judge, Nancy Spencer Smith and Christopher Bancroft.

Respectfully submitted,  
Margaret M. Harvey  
Librarian

# WAKEFIELD PARKS AND RECREATION

We at the Rec have had a very busy year completing a number of big projects. We launched our summer camp program, housed another Challenger Soccer Camp, held another successful flag football fundraiser and are planning many more fundraisers for new ballpark lights, added a second story to the concession stand at the ballpark, and have taken over the Forest Hills tennis courts.

The Summer of Adventure summer camp program was launched for its first time this past summer. It turned out to be a great success with two field trips every week to amusement parks and other area attractions, along with a trip to a state park beach each Friday. On days spent in town the children were kept busy with games, activities, arts and crafts, theme days, and trips to the town beach and town parks. The camp ran for seven weeks and there was never a dull moment! Next summer we hope to have some improvements after a summer under our belt, with more theme days and better organized daily activities.

Our friends from England, Great Britain, and Ireland from the Challenger Soccer Camp also joined us this summer to bring the soccer fanatics and those who wished to improve their soccer skills a great camp designed for all age levels. We had a great turn out and look forward to bringing the camp back next year! We would also like to give a big thanks to the families that housed the Challenger Soccer coaches!

The Patriot Legends rejoined us this fall for an awesome flag football fundraiser to start the beginning of our fundraising for new ballpark lights. Although we lost, all had a great time and we will be planning another fundraiser with the Legends next year in a possible softball game. Thank you to everyone who made donations!

More fundraising is underway as we enter into our upcoming First Annual Dodgeball Tournament for grades 6 all the way through adults. This event is sure to be a big hit with the community. We are also planning to do a few dances throughout the winter months, along with showing family movie nights on the big screen at Paul School, and we are hoping to do an ice-fishing derby this winter as well. All of the proceeds from our fundraising will be going towards new lights at the Wakefield Ballpark so that the children can have more practice and game time.

A second story has been added to the ballpark concession stand for league meetings, official scoring, and storage. We are now in the process of finishing the new storage building so that all of the sports equipment can be kept on location for all of the sports programs. A special thank you to Hayden Hillsgrove Masonry for donating all the material and labor for this project. A thank you also goes out to Jerome Libby, Bob Todd, Phil Joy, Joe

Scott, and Irwin Sharp for the help with the concession stand's second story.

The Parks and Rec has also taken over ownership of the Forest Hills tennis courts. We have started clean up and restoration on them over the past months, with high hopes of a nice playing court and even tennis lessons next year.

Throughout the year we have also been doing arts and crafts for all of the holidays, tae-kwon-do lessons, baseball, soccer, basketball, football, and have been planning tubing and skiing trips to the mountains for our winter months. The 2006 boys and girls 7<sup>th</sup>/8<sup>th</sup> grade basketball teams won the championships in their divisions. The boys continued on to St. Thomas High School for the Championship of the Great Eastern New Hampshire League and soundly defeated St. Elizabeth Seton to take home the hardware.

A few improvements that we are working towards this year include:

- A sink and running water inside the concession stand

- Building lockers for all sporting equipment in the new storage building

- A completely operational kitchen in the concession stand

- Lights at the Ballpark

- The ever-present drainage

- Re-skinning the infield of the Men's field

- Paving the entrance to the Ballpark

Another big project I have in mind is to move the basketball courts to the area next to the skate park. In doing this it would create one central site that is not near any homes. It wouldn't be as much of a disturbance for abutters and would give easier access for the police and ambulance. I would like to take the brush down around the river and create a walking path from the Public Safety Building. In doing this we would create more visibility for the police and more parking for the people using the park. I would like to put sod down, a bridge over the river (that would allow for the EMT's to take their APV across in case of any injuries) and a couple of benches and picnic tables.

Respectfully submitted,

Wayne Robinson, Director

Daniele Bardsley, Assistant Director

Jocelyn Sanborn, Program Coordinator

# WAKEFIELD PLANNING BOARD REPORT

The Planning Board experienced another busy, yet productive, year. The Planning Board worked diligently throughout the year on revisions to the Town’s Subdivision Regulations and Site Plan Review Regulations. The Planning Board conducted a total of 6 Public Hearings on proposed amendments to the Town’s Subdivision Regulations from February through June. The final revisions to the Subdivision Regulations were completed and adopted by the Board at a Public Hearing on June 8, 2006.

While working on revisions to the Subdivision Regulations, the Planning Board also worked on revisions to the Town’s Site Plan Review Regulations. A total of 12 Public Hearings on proposed amendments to these regulations were held from February to November. The Planning Board adopted the revised Site Plan Review Regulations at the conclusion of the November 9, 2006, Public Hearing.

Following the completion of revisions to the Town’s land use regulations, the Board then undertook the task of proposing amendments to the Town’s Zoning Ordinance. Since the Planning Board proposed and voters approved a complete revision of the Zoning Ordinance in March 2006, only minor amendments were proposed to ‘fine tune’ the Zoning Ordinance.

In addition to the work completed on the Town’s land use regulations and Zoning Ordinance, the Planning Board reviewed and acted upon a total of 29 applications summarized below:

Major Site Plan Review	5
Minor Site Plan Review	1
Major Subdivision	2
Minor Subdivision	5
Boundary Line Adjustment	6
Home Occupations	5
Insignificant Change of Use	3
Conditional Use Permits	2

Major Site Plan Review applications reviewed and approved by the Board included a commercial site on Route 16 for a proposed medical center and supermarket, approval of a new Telecommunications (cell) tower in a joint meeting with the Wakefield ZBA, expansions of Woodman’s Forge and Wonton’s Restaurant, and a 4-unit commercial structure.

The Planning Board also reviewed and approved an application for a 34-lot subdivision that will also result in the partial reclamation of a former excavation pit. In total, subdivision applications approved by the Planning Board created a total of 48 new lots.

In addition to the formal applications submitted to the Planning Board in 2006, the Board also held 33 Preliminary Discussions/Conceptual

Consultations. The Preliminary Discussion/Conceptual Consultation has proven to be a very useful tool for both the Planning Board and property owners.

These processes are informal and non-binding on the Planning Board and the property owner and allow the Board to discuss in general terms possible development scenarios before the property owner incurs any engineering expenses. The Planning Board hopes more property owners will take advantage of this process in the future.

The Planning Board extends its thanks and best wishes to Peg Stevenson who served as Secretary to the Planning Board from the end of January 2006 to August 2006. Peg resigned her position with the Town to pursue other interests.

The Planning Board also welcomes Kathy Menici as the new Town Planner and Bette Gallagher as the new Secretary to the Planning Board. Kathy joined the Town's staff in August 2006 and brings with her a total of 10 years of municipal planning and 5 years of program management experience for the state, as well as 12 years in real estate development. Kathy will complete technical reviews of applications submitted to the Planning Board, assist the Board with the on-going review of the Town's land use regulations and long-range planning issues, as well as guiding property owners through the application process and helping them understand what state and federal regulations might affect their applications.

Bette joined the Town's staff in September 2006 and brings with her five years of municipal experience as well as 15 years of experience in real estate sales as a licensed real estate broker and residential mortgage lending. Bette will assist Kathy in many activities, as well as providing administrative support for the Planning Board.

The Planning Office is open Monday, Tuesday, Thursday and Friday from 9 a.m. to 4 p.m. and Wednesday from 9 a.m. to noon. Please feel free to stop in to introduce yourselves to Kathy and Bette who will be happy to assist you with any questions you have about Planning Board applications or the Town's land use regulations.

Finally, the Planning Board meets on the 1<sup>st</sup> and 2<sup>nd</sup> Thursdays of every month and the public is always invited. The first meeting of the month is for public hearings on subdivisions and site plans, and the second Thursday is reserved for administrative matters and the revision of regulations. We are always looking for volunteers to work on projects, and we are currently seeking alternate members to the Planning Board.

Respectfully submitted,

Joe Fluet, Chairman

Rod Cools, Vice Chairman

John Blackwood, Selectman Representative

Ed Morrison, Member

Nancy Spencer-Smith, Member

# WAKEFIELD POLICE DEPARTMENT REPORT

Department members have selected Officer Chris Lamb as the Officer of the Year for 2006. Chris has been with the department since 1997 when he started as a Part Time Officer. He was promoted to Full Time Status in 2003. Chris is a conscientious public service minded officer who enjoys helping others. He has been instrumental in our push to reduce drug use and distribution in the area, working closely with the Carroll County Drug Task Force. He serves as our department Firearms Instructor. Officer Lamb has researched the use of a police canine for drug detection and for tracking wanted, lost or missing persons. He will advocate for a K9 unit for the 2008 budget year.

In 2006 we lost three of our full time patrol officers, with two going to other police departments. Although not their only consideration, wages and benefits were a significant part of their decisions to move on. Despite heavy advertisement we have found it difficult to recruit new officers.

In 2007 we will have to send at least 3 officers to the 14 week New Hampshire Police Academy. Our officers have been working dangerously understaffed since last August and we will remain understaffed until these new officers return from the academy and complete field training.

Continual training of new officers is not inexpensive and generally leaves us with inexperienced personnel. It is time for the town to conduct a comprehensive wage and benefit study to assure that we offer a competitive compensation package that will allow us to recruit and retain high quality officers.

As always I wish to thank the Board of Selectmen, our citizens and department members for their continued support and assistance.

# WAKEFIELD PROJECTS INC.

Wakefield Projects Incorporated (WPI) was incorporated in September 2005. WPI began as the Wakefield Opera House Committee of the Wakefield Arts Council. Originally formed to replace the Opera House stage curtain, our mission has expanded. WPI is a nonprofit New Hampshire Corporation dedicated to the revitalizing of historic resources belonging to the people of Wakefield. Proud of its community's history and spirit, the organization contributes leadership and financial support to the Town for renewal of downtown centers of community life and culture. WPI is working diligently on its first project: "A Second Hundred Years," a joint venture with the Town of Wakefield to rehabilitate the Wakefield Town Hall and Opera House.

Here is a list of our accomplishments in 2006:

- Hosted a variety of musical and theatrical performances in the Opera House
- Held various social fundraising events
- Continued past fundraisers and increased their revenues
- Collaborated with numerous grassroots organizations in Town on events and fundraising
- Launched our first Annual Appeal with contributions from over 100 individual donors
- Obtained generous support from over 60 local businesses for events and advertising
- Launched "A Second Hundred Years" cookbook
- Obtained our 501(c)(3) Recognition of Tax Exempt Status from the IRS
- Hired our grant writer, Jennifer Mayo
- Identified upcoming Opera House improvements and associated fundraising strategies and grant opportunities
- Collaborated with the Heritage Commission to prepare nomination of the Town Hall to the National Register of Historic Places
- Formed a publicity team
- Logged over 1500 volunteer hours
- Ordered the new stage curtain and hardware

The support from community members and businesses is generous. Through fundraising activities, investments and contributions, WPI generated total revenues of \$44,063 in 2006. We are collaborating with local organizations, businesses and individuals to make "A Second Hundred Years" a successful community project in which we can all take pride.

Respectfully submitted,

Lorraine R. Sager, Chair

# WAKEFIELD - TRUSTEES OF THE TRUST FUNDS

## 2006 ANNUAL REPORT

The Trustees of the Trust Funds are charged with the obligation to prudently invest the capital reserves and the trust funds of the Town of Wakefield.

The actions of the Trustees and the investment vehicles used are regulated by the State of New Hampshire. Investment goals include security of principal, plus interest and capital gains earnings.

The Trustees are responsible for the investment of the Trust Funds of The Town of Wakefield. This is a sizable fund comprised of many small funds for the care of individual cemetery plots. The Cemetery Trustees are responsible for the actual care and maintenance of these plots using the interest earned from the Trust Funds. As of December 31, 2006 there was a balance of \$318,705.90 in this fund. The funds are held at the Banknorth.

In 1997 the Carl Siemon Scholarship Fund for was established for Wakefield students. The Scholarship funds are held by Banknorth. The following funds are currently in place and the balance is of December 31, 2006.

Carl Siemon Scholarship Fund	\$161,166.18
------------------------------	--------------

The Trustees are responsible for the investment of the Capital Reserve Funds that the voters of Wakefield approve each year. All new reserves and additional contributions as voted, approved, and received in 2006 have been deposited into the appropriate funds. The following Capital Reserve Funds are currently in place and the balances are as of December 31, 2006. The funds are held at Banknorth.

Ball field	\$6.63
Highway Trucks	\$387.52
Transfer Station	\$76,629.67
Bridge Const.	\$25,637.5
Fire Trucks	\$107,810.46
Landfill	\$359,400.05
Ambulance	\$46,976.32
Public Safety Bldg. - Upstairs	\$134,390.50
Recycling Equipment	\$52,671.97
Highway Heavy-Equipment	\$64,616.38
Aquifer Protection	\$21,454.41
Town Hall Improvements	\$352,214.85
Police Vehicles	\$4,701.76

Town Cemetery	\$13,471.61
Invasive Species	\$68,487.82
Waste Water Treatment	\$63,717.16
Technology Fund	\$22,061.09
Parks & Rec. Field Maintenance	\$7,575.58

The following funds are held for the School District. They are being held by Banknorth.

School Computer Fund	\$3,687.23
School Computer Technology	\$1,710.93
School Computer Network	\$1,507.24
School Transportation	\$45,943.41
School Roof	\$91.07
School Disabled Child	\$15,639.57
School Generator	\$31,279.13
School Land/Building Fund	\$977.89
School Architect Fund	\$125,000.00

The following funds are held for the Water Dept. They are being held by Banknorth.

Water Department	\$52,002.13
------------------	-------------

The Trustees of the Trust Funds meet on a regular basis in the Wakefield Town Hall to review investment reports. Investment vehicles used by the investment companies are evaluated to ensure compliance with the regulation of the State of New Hampshire. Anyone interested is welcome to attend the Trustees meetings in 2007. The Public meeting time and place is posted as per the New Hampshire statutes.

Respectfully submitted,

Albert Huntoon  
Howard Knight  
Dennis Miller

# ZONING BOARD OF ADJUSTMENT

The Zoning Board of Adjustment experienced another busy year, hearing 15 cases during 2006 and deciding 11 of them. One case decided by the Board is in court; two cases were continued to January 2007 pending a decision from the Wetlands Bureau of the NH Division of Environmental Services, and two other cases were continued pending the outcome of the case that is in court.

During 2006, the ZBA heard 9 Requests for Variances. Of the nine: five were granted with conditions, one was denied, and three were continued at the applicants' request. There were three Appeals of an Administrative Decision. One was granted with a condition; the others were continued at the request of the applicants. Two requests for Equitable Waivers of Dimensional Requirements were granted by the Board, as were two requests for Special Exceptions.

The Zoning Board of Adjustment is comprised of five regular members and five alternate members. Members of the ZBA are appointed by of the Board of Selectmen, and serve without compensation. Responsibilities of the Zoning Board of Adjustment include hearing Appeals of Administrative Decisions, Requests for Variances, Requests for Special Exceptions, and Requests for Waivers of Dimensional Requirements, among other responsibilities defined by New Hampshire state law. The Board generally meets on Monday evenings on an as-needed basis.

As the current Chairperson, and on behalf of the Town, I would like to thank those who served as regular or alternate members on the Zoning Board of Adjustment during 2006. They include, (alphabetically) Cecille Arnone, Scott Bramer, John Crowell, Marge Cutter, Dave Haag, Maggie Kennedy, Bob Molholland, Lynn Shaffer, Doug Stewart, and Paul Winckler. The Town is well served by the time and the carefully considered judgment provided by these volunteers.

I also want to express my thanks and appreciation to Dianne Bishop, Secretary to the Zoning Board of Adjustment, without whose able assistance this board could not function.

Respectfully submitted,

George Frothingham  
Chairman, Wakefield Zoning Board of Adjustment.

Please attach a copy of this completed supplemental schedule to the back of the budget form.

# **2007 ANNUAL TOWN MEETING WARRANT**

To the inhabitants of the Town of Wakefield in the State of New Hampshire qualified to vote in town affairs:

You are hereby notified of the First and Second Session of the 2007 Annual Town Meeting as follows:

## **FIRST SESSION**

You are notified to meet for the First Session of the Annual Town Meeting, to be held in the Opera House of the Wakefield Town Hall, 2 High Street, Sanbornville, New Hampshire, on Saturday, February 3, 2007, at 7:00 p.m. The First Session will consist of explanation, discussion, and debate of each of the following warrant articles, and will afford those voters who are present the opportunity to propose, debate, and adopt amendments to each warrant article, except those articles whose wording is prescribed by state law.

## **SECOND SESSION**

You are also notified to meet for the Second Session of the Annual Town Meeting to elect town officers by official ballot and to vote by official ballot on the warrant articles as they may have been amended at the First Session, to be held at the Opera House of the Wakefield Town Hall, 2 High Street, Sanbornville, New Hampshire, on Tuesday, March 13, 2007. Polls for voting by official ballot will open at 8:00 a.m. and will close at 7:00 p.m., unless the town votes to keep the polls open to a later hour.

**Article 1: To choose all necessary Town Officers for the ensuing year.**

**Article 2: Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the Town Zoning Ordinance as follows:** Amendment adds or changes a number of zoning definitions, adds "greenhouse/nursery" and "mixed uses" as permitted uses in certain zoning districts, and includes various "housekeeping" items to correct errors and omissions from the previous major overhaul of the zoning ordinance?

**Article 3: Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the Town Zoning Ordinance as follows:** Amendment reorganizes Article 12 Open Space Conservation/Cluster Development" by removing subparagraph 5 of Section C thereof entitled

“Residential Dwelling Units” to become a new Article 18 entitled “Residential and Commercial Units – Maximum”?

**Article 4:** Are you in favor of eliminating the board of assessors as elected officers? (Majority vote required.)

**Article 5:** To see if the Town will vote to raise and appropriate the sum of Fifteen Thousand Dollars (\$15,000) to be added to the Ambulance Capital Reserve Fund previously established. (Majority vote required.)

This appropriation is recommended by the Board of Selectmen and the Budget Committee.

**Article 6:** To see if the Town will vote to raise and appropriate the sum of Twenty Thousand Dollars (\$20,000) to be added to the Bridge Construction Capital Reserve Fund previously established. (Majority vote required.)

This appropriation is recommended by the Board of Selectmen and the Budget Committee.

**Article 7:** To see if the Town will vote to raise and appropriate the sum of One Hundred Thousand Dollars (\$100,000) to be added to the Fire Truck Capital Reserve Fund previously established. (Majority vote required.)

This appropriation is recommended by the Board of Selectmen and the Budget Committee.

**Article 8:** To see if the Town will vote to raise and appropriate the sum of One Hundred Fifty Thousand Dollars (\$150,000) to be added to the Town Hall Improvement Capital Reserve Fund previously established. (Majority vote required.)

This appropriation is recommended by the Board of Selectmen and the Budget Committee.

**Article 9:** To see if the Town will vote to raise and appropriate the sum of Twenty-Three Thousand, Seven Hundred Ten Dollars (\$23,710) to be added to the Police Cruiser Capital Reserve Fund previously established. (Majority vote required.)

This appropriation is recommended by the Board of Selectmen and the Budget Committee.

**Article 10:** To see if the Town will vote to raise and appropriate the sum of Fifteen Thousand Dollars (\$15,000) to be added to the Technology Capital Reserve Fund previously established. (Majority vote required.)

This appropriation is recommended by the Board of Selectmen and the Budget Committee.

**Article 11:** To see if the Town will vote to raise and appropriate the sum of Twenty-Two Thousand, Four Hundred Seventy-Eight Dollars (\$22,478) for the purchase of a defibrillator. (Majority vote required.)

This appropriation is recommended by the Board of Selectmen and the Budget Committee.

**Article 12:** Shall the Town raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purpose set forth herein, totaling \$3,898,274? Should this article be defeated, the operating budget shall be \$3,695,588, which is the same as last year, with certain adjustments required by previous action of the Town or by law, or the governing body may hold one special meeting, in accordance with RSA 40:13X and XVI, to take up the issue of a revised operating budget only. (Majority vote required.)

This appropriation is recommended by the Board of Selectmen and the Budget Committee.

**Article 13:** By Petition: Shall the Town of Wakefield will go on record in support of effective actions by the President and the Congress to address the issue of climate change which is increasingly harmful to the environment and economy of New Hampshire and to the future well being of the people of Wakefield. These actions include: 1. Establishment of a national program requiring reductions of US greenhouse gas emissions while protecting the US economy. 2. Creation of a major national research initiative to foster rapid development of sustainable energy technologies thereby stimulating new jobs and investment. In addition, the Town of Wakefield encourages NH citizens to work on emission reductions within their communities, and we ask our Selectmen to consider the appointment of a voluntary energy committee to recommend local steps to save energy and reduce emissions. The record of the vote on this article shall be transmitted only to the Board of Selectmen of the Town of Wakefield.

**Article 14:** To transact any further business that may legally come before this meeting.

Given under our hands and seal, this 24th day of January, in the year of our Lord Two Thousand Seven.

WAKEFIELD BOARD OF SELECTMEN

-----  
Paul S. Morrill, Chairperson

-----  
Mark P. Duffy
